

Transcript for video tutorial on Turnitin GradeMark-Rubric

Turnitin provides 4 types of comments that teachers can use in grading student's paper. These include: Drag and drop comments, Rubric, Inline comments and General comments. In this video, you will learn how to use rubric in turnitin grademark function. Teachers can create rubric to evaluate student's assignment based on different criteria and scales. Teachers can create their custom rubric. The custom rubric will apply to every paper and come with your personal account. Click the turnitin assignment in Moodle course page. Go to "Submission Inbox" tab. Teachers can click on the pencil icon to access the grademark interface for a submission. After you open the student's originality report, go to grademark view. To create a rubric for turnitin assignment, first of all, click the rubric icon below the grademark sidebar. Click "Rubric manager icon". Click "Rubric list icon". Select "Create new rubric" on the top right hand corner. Enter the name of the rubric. Enter the name, description and percentage value for a criterion. Teachers can click the "+plus" icon to add extra scale column. Click "Save" button at the bottom right corner of the rubric manager. You can attach this rubric to this assignment by clicking "Attach this rubric to this assignment" icon. Click "Close" to close this window. To give marks to this assignment, select the marks from a rubric here. Click "Apply rubric percentage to grade". You can see the grade is now updated. Students can view the teachers' comments by clicking the pencil icon under grade column.
